Re: Change Healthcare Data Breach

Dear Participant:

We are writing to inform you that Change Healthcare, a subsidiary of United HealthCare ("UHC") experienced a data breach. UHC is one of the Minneapolis Retail Meat Cutters and Food Handlers Health and Welfare Fund's vendors. We do not yet know whether data relating to any of the Fund's participants or beneficiaries was exposed during this breach, but we will continue to keep you informed as we learn more. UHC is offering credit monitoring services to Fund participants while it continues to investigate the data breach. Here are the details:

On February 21, 2024, UHC experienced a cyberattack. UHC immediately took steps to stop the activity and investigate the extent of the attack. UHC engaged cybersecurity experts and law enforcement to assist in the investigation. UHC provides services to the Fund and its participants, including processing and mailing explanation of benefits letters and mailing claims payments. To fulfill these services, your personal data is shared with UHC.

UHC recently announced that a substantial proportion of the American population may have been affected by the cyberattack. Given the ongoing complexity of the data review, it will likely be several months before UHC will be able to identify the specific individuals and data affected.

While UHC works to confirm the impact of this cyberattack, it is offering two years of free credit monitoring and identity protection services to any individual, including the Fund's participants and beneficiaries, who is concerned that they may be affected by this cyberattack.

If you would like to take advantage of UHC's free credit monitoring and identity protection services, you can contact UHC's dedicated call center at 1-866-262-5342 to opt in. The call center cannot provide any specifics on whether your data has been impacted. Additional details, including UHC's recommendations for safeguarding your information, can be found on UHC's website at: <http://changeybersupport.com/>.

If you have any questions, please do not hesitate to contact the Fund Office at the address or phone number listed above.

Sincerely,

Board of Trustees
Minneapolis Retail Meat Cutters and Food Handlers Health and Welfare Fund
